

William Bradford Christian School is excited to announce the starting of an Elementary boys and girls basketball program for students 7 years old through 5th grade. Our goal is to provide a positive team environment and encourage students to learn to play the game of basketball. Games will begin in November and run through February. The schedule will consist of 6 to 8 games against local schools. Practice times will be based upon availability and weather. Most practice times will take place during school P.E. times, but there will also be practices at a local gym occasionally. Because we want to make this a positive learning experience that the whole family can enjoy, parents must provide transportation to and from each game. Please email Coach Walker at cwalker@wbcslions.org with any questions you may have. We look forward to your student joining us and seeing the program excel.

“Our mission is to provide a Christ-centered learning environment that is an extension of the home.”
